About Us

Spectacle Lake Concrete & Excavating Limited and its staff have been serving customers in South Western Nova Scotia for over 25 years.

With over 35 employees and the largest fleet of trucks and equipment in the region, no job is too big or too small.

Spectacle Lake specializes in complete excavating and site work, including culverts and installation, driveway and road construction, parking lots, sewer and well construction, excavation for foundation, supply of fill and gravel, compacting equipment and final landscaping.

Spectacle Lake is the only certified Concrete Ready Mix Plant in the county, with 5 modern delivery trucks and an all season, heated Ready Mix Plant to serve customers year round.

Spectacle Lake has 2 gravel screening plants to supply the local market with over 35 types of sand, gravel, topsoil and compost.

Safety has been a priority for its employees and customers; Spectacle Lake is certified under the Nova Scotia Construction Safety Association and is in good standing with the Nova Scotia Workers Compensation Board.

The company has on staff a QP1 (Engineer) and a QP11 (qualified person) to design and select on site sewer disposal systems.

We can also locate your property and give you, at no charge, a complete quotation on your future project.
